CAAID Accessories Portfolio - July 2024

Lenovo

CAAID methodology

- Caïd” is a French word meaning “big chief” or “boss” but also in colloquial “big man” or “big shot”. It pronounces in French “kaa .id”
- This word is actually borrowed from Arabic (قائد) - reading ka:'i:d- and have several similar definitions in the field of leadership like "leader", "commander", "director", etc
- But.... CAAID is also the name of our methodology aiming to attach the key core accessories of our portfolio with the meaning of each letter as described in the picture.
